Description

Our camel milk is gently Pasteurised, maintaining so much of the nutritional quality we turn to camel milk for.

Our milk is Not Homogonised.

Naturally Low in fat and lactose, high in Protein and contains lactoferrin, that is great for Gut health.

With NO additives or preservatives our milk is ethically and sustainably produced. Our camels are kept with their babies to graze our green pastures.

Because at The Camel Milk Co Australia we believe that Happy camels produce the best milk for their babies and you!
